SOUTH CAROLINA SCORECARD

THE **2026 LEGISLATIVE SESSION**

LIBERTY ACTION
SOUTH CAROLINA

Liberty Action is a nationwide grassroots organization focused on on helping the public understand how state government affects individual liberty, economic freedom, and limited government.

.

We believe informed citizens can help their states become Liberty Lighthouse States, beacons of freedom that inspire others across the country.

TEvery year since 2024, Liberty Action has produced state scorecards showing how legislators voted on key issues during the legislative session.

This initiative is part of a broader effort by Liberty Action to highlight what's really taking place in state capitols on policies that impact economic freedom and limited government across the nation.

The Liberty Action Scorecard is designed to inform citizens about how their elected legislators in South Carolina voted last session on critical issues of liberty, limited government, and constitutional principles.

Legislators are not scored on absences or abstentions. Legislators not in office at the time a vote was taken or not on a committee where a vote was scored have "N/A" marked in their column. Legislators who missed half the votes or more that were scored are marked "Incomplete."

If a legislator voted with Liberty Action's position, "✔" appears in their column. If a legislator voted against Liberty Action's position, "❌" is marked. Abstentions are marked with "▬" and absences with "A".

Liberty Action scores legislation across five main policy areas: Education, Economy, Healthcare, Civil Liberties, and Constitutional Government. These areas reflect our commitment to restoring limited government, protecting individual liberty, and advancing policies that uphold the founding principles of the United States. Each scored vote is selected based on its significance within one or more of these categories and its potential impact on the freedom, prosperity, and constitutional rights of South Carolinians.

- **Education:** We support school choice and parental rights while opposing bureaucratic control and ideological indoctrination in classrooms.
- **Economy:** We defend free market capitalism and oppose tax hikes, overregulation, and socialist economic policies.
- **Healthcare:** We support restoring patient and doctor freedom and reject government-run healthcare schemes.
- **Civil Liberties:** We stand for individual rights and constitutional protections against government overreach.
- **Constitutional Government:** We support shrinking government, cutting spending, and restoring power to the people—not the bureaucracy.

IN this year's edition of the South Carolina Scorecard, the General Assembly was scored on 40 votes in the House and 39 votes in the Senate. The overall results are deeply discouraging. The average score in the House was 43.22%. The average score in the Senate was 36.65%. In both chambers, the majority of legislators voted for anti-liberty policies more often than pro-liberty ones.

This is a legislature that raised income taxes on roughly a quarter of South Carolinians and, in the same session, voted to raise their own pay by 112%. There is a serious problem when self-described conservatives cast votes indistinguishable from their big-government counterparts.

The scores in this year's scorecard show how far the General Assembly fell short of a pro-liberty standard.

The People's House?

House Republicans averaged 49.96% for the session. House Democrats averaged 26.29%, resulting in a gap of more than 23 points between the two parties. Taken together, the chamber averaged just 43.22%, a result that reflects how rarely pro-liberty legislation found majority support on the House floor in 2026.

The highest-scoring Republican House members were Rep. Stephen Frank, Rep. Rob Harris, Rep. Jay Kilmartin, Rep. Dianne Mitchell, Rep. Jackie Terribile, and Rep. Joe White, each earning a perfect score of 100%.

At the other end of the spectrum, Rep. Jeff Johnson was the lowest-scoring Republican in the chamber at 20%.

The highest-scoring Democrat was Rep. Heather Bauer at 37.14%. The lowest-scoring Democrat was Rep. Terry Alexander at 17.24%.

The Deliberative Body?

The Senate's results were even more discouraging than the House. Senate Republicans averaged 41.93% for the session, more than eight points below the House Republican average. Senate Democrats averaged 21.69%, resulting in a gap of more than 20 points between the two parties.

The chamber as a whole averaged just 36.65%, the lowest of either chamber and a result that reflects consistent support for bigger government and higher spending throughout the 2026 session.

The highest-scoring Republican Senate member was Sen. Tom Fernandez, earning a perfect score of 100%.

The lowest-scoring Republican was Sen. Jeff Zell at 21.05%. The highest-scoring Democrat was Sen. Russell Ott at 30.77%. The lowest-scoring Democrat was Sen. Darrell Jackson at 11.76%.

The Champions of Liberty designation recognizes members of the South Carolina General Assembly who earned a score of 90% or higher on this year's Liberty Action Scorecard. These legislators demonstrated a consistent voting record in support of limited government, individual liberty, and constitutional principles across all five issue areas scored this session.

2026 LEGISLATIVE SESSION | House Vote Descriptions

S. 287

VAPE BANS

Subject: Constitutional Government
1/22/2026
(Liberty Action Opposes)

This bill imposes a new licensing, fee, and directory system on FDA-authorized e-cigarette manufacturers and vendors, bans sales of unlisted products, and authorizes uncompensated seizure of "non-compliant" merchandise by state agencies. It grows government and raises costs by adding staff at SLED, the Attorney General's office, and the Department of Revenue at a fiscal impact of roughly $2.1 million, while infringing on economic liberty by forcing companies to seek state permission and pay fees simply to sell legal products in South Carolina.

H. 4759 MOTION TO RECOMMIT

HEMP LIQUOR STORE MANDATE

Subject: Civil Liberties
2/4/2026
(Liberty Action Opposes)

This bill would declare all consumable hemp products contraband in South Carolina and then create a narrow carveout for hemp beverages capped at 5 mg THC per 12 oz serving. It layers liquor style taxes on these drinks and imposes steep licensing fees, including $50,000 every two years for manufacturers, $20,000 for wholesalers, $1,200 for retailers, plus per location application fees, effectively banning most hemp products while turning the remaining drink market into a costly state permissioned niche.

H. 4755

JUDICIAL REFORM

Subject: Constitutional Government
2/12/2026
(Liberty Action Supports)

This bill transfers all 12 appointments on the Judicial Merit Selection Commission to the Governor and explicitly bans sitting lawmakers and their immediate family members from serving on the commission.

H. 5006

SMALL BUSINESS TAX CUTS

Subject: Economy
2/11/2026
(Liberty Action Supports)

This bill cut taxes for small businesses by exempting the first

2026 LEGISLATIVE SESSION | House Vote Descriptions

$10,000 of net depreciated business personal property from taxation. It also eliminates filing requirements for businesses below that threshold, reducing both their tax burden and compliance paperwork.

H. 4757, AMDT. 4

INFRINGING ON PARENTAL RIGHTS

Subject: Education
2/18/2026
(Liberty Action Opposes)

This amendment weakens parental enforcement by adding another bureaucratic hurdle before families can sue over violations of their statutory parental rights. It creates a new appeal step from the State Board of Education to the Administrative Law Court and then bars parents rom bringing a private circuit court action for violations of their parental-rights protections until they have fully exhausted the local education agency process, the State Board appeal, and this new Administrative Law Court appeal, delaying and complicating efforts to vindicate those rights.

Election to Judge of Will Wheeler

Subject: Constitutional Government
3/4/2026
(Liberty Action Opposes)

Will Wheeler is a former lawyer-legislator with a clear anti-liberty voting record. He supported the Scout Volkswagen corporate welfare deal, voted for a hate crimes bill, opposed constitutional carry, backed the big-spending state budget, and voted to triple Hollywood tax subsidies, signaling a pattern of siding with higher taxes, more regulation, and progressive priorities over individual freedom and limited government.

H. 5073

GRADING FLOOR BAN

Subject: Education
3/4/2026
(Liberty Action Supports)

This bill bans “grade floor” policies that force teachers to give minimum scores like 50 or 60 even when students earn lower grades, ensuring report cards reflect actual performance. It strengthens academic accountability by preventing inflated grades that can hide when students are truly struggling and need additional help.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 5126, AMDT. 1

REDUCING DR. SIMMER SALARY TO $1

Subject: Healthcare
3/10/2026
(Liberty Action Supports)

This amendment reduces interim Department of Public Health Director Dr. Edward Simmer's salary to $1. Dr. Edward Simmer has supported mask mandates in schools, vaccine mandates for children as young as five, and quarantining people based on mere exposure, making him the face of centralized emergency health powers.

H. 5126, AMDT. 5

PROHIBITING TAXPAYER-FUNDED REFUGEE RESETTLEMENT

Subject: Constitutional Government
3/10/2026
(Liberty Action Supports)

This amendment would flatly prohibit the use of state funds to assist in the United States Refugee Resettlement Program by removing the current exception that allows spending when a county council approves resettlement. It replaces the conditional ban with an outright funding ban so tax dollars are focused on serving South Carolinians first rather than underwriting federal refugee resettlement.

H. 5126, AMDT. 19

ELIMINATING TAXPAYER-FUNDED BEACH SAND

Subject: Economy
3/10/2026
(Liberty Action Supports)

This amendment would eliminate state beach renourishment grants that spend $7.5 million dollars of taxpayer money to buy sand.

H. 5126, AMDT. 23

H1-B ACCOUNTABILITY

Subject: Economy
3/10/2026
(Liberty Action Supports)

This amendment conditions SC First funding for public colleges and universities on disclosing how many employees are on H-1B or Optional Practical Training visas. It

2026 LEGISLATIVE SESSION | House Vote Descriptions

requires institutions to file an annual report before receiving any SC First dollars, and then cuts their SC First appropriation by $120,000 for each H-1B or OPT visa holder they employ.

H. 5126, AMDT. 104

DEI COMMISSION FUNDING

Subject: Constitutional Government
3/10/2026
(Liberty Action Supports)

This amendment eliminates the funding increase for the Commission for Community Advancement and Engagement, the rebranded Minority Affairs Commission. This ensures that taxpayer dollars are not tied up in unproductive DEI programs.

H. 5126, AMDT. 108

PREVENTING SCHOOL CHOICE EXPANSION

Subject: Education
3/10/2026
(Liberty Action Opposes)

This amendment prevents the expansion of the Education Scholarship Trust Fund school choice program and redirects unused funds back to government schools. It blocks any ESTF expansion until the General Assembly receives the required program report, and it forces all unexpended ESTF dollars at year's end to be sent back to the Department of Education and reallocated to the State Aid to Classrooms program, shifting unused scholarship money into government-run classrooms.

H. 5126

BLOATED HOUSE BUDGET

Subject: Economy
3/10/2026
(Liberty Action Opposes)

This bill sets a $42.6 Billion state budget for FY 2026–2027, a $3.4 Billion increase that further expands the size and cost of state government. It continues to fund DEI programs, channels money into ideologically driven climate change research, and supports refugee resettlement efforts, prioritizing government expansion and progressive initiatives over taxpayer protection, individual liberty, and fiscal restraint.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 3368

CONFORMITY WITH THE BIG BEAUTIFUL BILL

Subject: Economy
3/10/2026
(Liberty Action Supports)

This bill updates South Carolina's tax code to conform to the "One Big Beautiful Bill" reforms for the current tax year. It provides roughly $288 million in tax relief, including eliminating state income taxes on tips and on overtime pay up to $2,500, so workers keep more of what they earn without growing government.

H. 4216, AMDT. 2

PROTECTING AGAINST TAX HIKES

Subject: Economy
3/10/2026
(Liberty Action Supports)

This amendment lowers the income tax rate in House Bill 4216 from 5.21% to 3.99% to prevent hidden tax hikes. Under the underlying bill, decoupling South Carolina from the federal income tax system at 5.21% results in income tax increases for roughly 22% of South Carolinians; this amendment ensures that no taxpayer receives an income tax increase.

H. 4216 (CONCUR)

HIKING TAXES ON 22% OF SOUTH CAROLINIANS

Subject: Economy
3/10/2026
(Liberty Action Opposes)

This bill rewrites South Carolina's income tax code by decoupling the state from the federal system and adopting a new bifurcated rate structure of 1.99% and 5.21%. Instead of delivering genuine tax relief, its design produces income tax increases for roughly 22% of South Carolinians, using "reform" to quietly raise taxes on many filers rather than guarantee broad-based cuts.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 4902 (VETO OVERRIDE)

SHIELDING NIL PAYMENTS

Subject: Economy
3/25/2026
(Liberty Action Opposes)

This vote overrides the governor's veto and upholds a bill that shields college name, image, and likeness (NIL) payment records from public scrutiny. It keeps details of payments public universities make to student-athletes for their name, image, and likeness exempt from public-records requests, even after lawmakers raised concerns that state funding was allegedly being used for NIL payments, making it harder for taxpayers to see how their dollars are being spent.

H. 5075

PROTECTING DONOR PRIVACY

Subject: Civil Liberties
3/31/2026
(Liberty Action Supports)

This bill protects the privacy and freedom of association of nonprofit organizations by prohibiting state and local governments from collecting or publicly disclosing the identities of members, volunteers, and donors. It exempts donor information from public records requests and provides civil remedies and penalties for officials who unlawfully disclose protected information, helping safeguard citizens from government intimidation or retaliation based on their charitable or civic involvement.

H. 3557 (CONCUR)

HIKING CANDIDATE FILING FEES

Subject: Constitutional Government
4/15/2026
(Liberty Action Opposes)

This bill tweaks election rules in ways that make it more expensive to run for office without improving election integrity. It shortens the candidate filing period by five days and lets political parties tack on an extra "certification fee" of $100 or more on top of the existing filing fee, effectively authorizing a new cost increase on candidates that functions like a targeted tax on political participation.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 4270

HIDING EVICTION RECORDS FROM LANDLORDS

Subject: Economy
4/23/2026
(Liberty Action Opposes)

This bill mandates the automatic expungement of eviction records after five years, erasing key information that housing providers rely on to screen applicants. By hiding past eviction history, it shifts more risk onto small landlords, who may respond by raising rents, increasing security deposits, or leaving the rental market altogether—ultimately reducing housing options and affordability for responsible tenants.

H. 5216

GREEN NEW DEAL BUILDING MANDATES

Subject: Constitutional Government
4/29/2026
(Liberty Action Opposes)

This bill imposes stricter, Green New Deal–style energy mandates on new and renovated commercial buildings. It replaces market-driven efficiency decisions with top-down code requirements that raise costs and expand regulatory control.

S. 831

DOT REFORM

Subject: Constitutional Government
4/30/2026
(Liberty Action Supports)

This bill overhauls the Department of Transportation by putting a single Secretary of Transportation in charge, answering directly to the Governor and Senate, so someone is finally accountable for fixing South Carolina's roads. It begins rolling back the layers of bureaucracy that have long plagued the DOT and contributed to South Carolina having some of the worst roads in the country.

H. 5126, AMDT 1A SUB

PORK PROJECTS

Subject: Economy
5/6/2026
(Liberty Action Opposes)

This chairman's amendment stuffs the budget with nearly $300 million in pork projects, diverting taxpayer dollars away from core priorities. It bankrolls items like $1.6 million for virtual reality

2026 LEGISLATIVE SESSION | House Vote Descriptions

headsets, $3.3 million for zoo "orangutan exhibit" upgrades, $300,000 for a progressive group hunting "systemic racism," $200,000 for tennis court refurbishments, and $6 million for a local multipurpose stadium, exactly the kind of special-interest spending lawmakers should be cutting, not expanding.

H. 5126, AMDT. 15A

POLITICIAN PAY RAISE

Subject: Constitutional Government
4/29/26
(Liberty Action Opposes)

This amendment increases "in-district legislative expenses" to $2,500 per month. In-district expense payments are treated as salary, direct-deposited into lawmakers' personal accounts, and taxed as income. In reality, it is roughly an 80% politician pay raise disguised as an "expense" increase, channeling more taxpayer dollars into legislators' pockets instead of core public services.

H. 5126, AMDT. 18A SUB

REDIRECTING WASTEFUL SPENDING

Subject: Education
5/6/2026
(Liberty Action Supports)

This amendment creates a true binary choice between waste and priorities. It defunds fringe arts and tourism projects, like gummy bear statues and queer body art, and instead uses those dollars to clear the Education Scholarship Trust Fund school choice waitlist for 8,000 children and to the Rural Infrastructure Authority for repairing roads and bridges.

H. 5126, AMDT 19A

REMOVING THE BAN ON OFFSHORE DRILLING

Subject: Economy
5/6/2026
(Liberty Action Supports)

This amendment repeals South Carolina's ban on offshore drilling, opening the door for energy exploration and production off the state's coast. By lifting the prohibition, it allows future projects that can expand domestic energy supply and create jobs instead of leaving potential resources permanently locked away.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 5126, AMDT. 36A

GAS TAX SUSPENSION

Subject: Economy
5/6/2026
(Liberty Action Supports)

This amendment temporarily suspends the state gas tax for 30 days, giving drivers immediate, direct relief at the pump. By pausing the tax, it lets families and businesses keep more of their own money during a time of high prices without growing government or creating new programs.

S. 1005

PAY HIKE FOR FAMILY COURT JUDGES

Subject: Constitutional Government
1/29/2025
(Liberty Action Opposes)

This bill hands family court judges a pay raise by boosting their salaries from 92.5% to 95% of a state supreme court justice's pay, costing $675,000 in salaries and nearly $3.9 million in added pension liabilities. Instead of tying compensation to reforms or performance, it pours more money into a deeply broken family court system widely criticized for rewarding perjury, ignoring clear law and evidence, and tearing families apart by alienating children from fit, willing, and able parents.

H. 3021, AMDT. 3A

STRENGTHENING REGULATORY REFORM

Subject: Economy
2/11/2025
(Liberty Action Supports)

This amendment restores and sharpens key reforms the Senate had watered down or removed while keeping the judicial-review change. It adds a "modernization" track that puts targeted regulations on a three-year clock and lets them expire if agencies do not fix or reauthorize them, and lowers the bar so rules expected to cost more than $1 million over five years must undergo fiscal analysis and win explicit legislative approval instead of the Senate's looser $10 million standard. It also strengthens the Small Business Regulatory Review Committee's role so small-business impacts

2026 LEGISLATIVE SESSION | House Vote Descriptions

drive which rules are revised, repealed, or allowed to stand.

S. 866

AUTHORIZING LOCAL TAX HIKES

Subject: Economy
5/13/2026
(Liberty Action Opposes)

This bill authorizes a new 1% local sales tax after a referendum if property taxes are cut by at least 20%, but still results in a net tax increase because most of the new revenue can be spent on other purposes. Because it started in the Senate, it raises constitutional concerns about revenue measures originating in the wrong chamber, and the referendum mechanism ets local politicians abdicate their duty by pushing higher taxes onto voters instead of taking direct responsibility.

S. 933

112% POLITICIAN PAY RAISE

Subject: Civil Liberties
5/13/26
(Liberty Action Opposes)

This bill more than doubles legislator pay, delivering a massive 112% politician pay raise funded by taxpayers. It significantly increases the cost of compensating lawmakers while also building in automatic inflation-based salary increases, allowing legislators to keep boosting their own pay year after year without ever taking another public vote on their compensation..

H. 5683

REDRAWING THE 6TH CONGRESSIONAL DISTRICT

Subject: Constitutional Government
5/20/2026
(Liberty Action Supports)

This bill redraws South Carolina's congressional districts to address the racially gerrymandered 6th Congressional District. Because the new map requires a new nomination process, it also establishes a one-time special election schedule for the state's seven U.S. House races in 2026, including reopening candidate filing, holding new primaries and runoffs, and ensuring that only votes cast in the new special primary determine each party's nominees.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 3021 (CONFERENCE)

REINS ACT

Subject: Economy
6/25/2026
(Liberty Action Supports)

This bill strengthens legislative oversight of state agencies by requiring legislative approval for regulations with an estimated economic impact exceeding $1 million over five years and allowing courts to review agency actions without deferring to bureaucratic interpretations.

H. 3924 (CONFERENCE)

HEMP RETAIL MONOPOLY

Subject: Economy
6/25/2026
(Liberty Action Supports)

This bill places intoxicating hemp products under South Carolina's alcohol regulatory system by restricting retail sales to businesses that already hold a beer and wine or liquor license, limiting products containing more than 5 mg of THC per serving to licensed liquor stores, and imposing licensing fees of up to $50,000 and new excise taxes, creating significant barriers to entry for existing hemp retailers

H. 4042 (CONCUR)

OVER-THE-COUNTER IVERMECTIN

Subject: Healthcare
6/25/2026
(Liberty Action Supports)

This bill allows adults to purchase FDA-approved ivermectin for human use directly from a pharmacy without a prescription.

H. 5126

BLOATED BUDGET

Subject: Economy
8/11/2026
(Liberty Action Opposes)

This budget spends $44.4 billion in taxpayer dollars, including a roughly 9% increase in General Fund spending over the previous year, while adding more than 1,000 new state government positions. This growth funds unnecessary programs including the South Carolina Arts Commission, crony government handouts to large corporations, and tuition mitigation subsidies for public colleges and universities. Rather than exercising restraint, lawmakers expand the size and cost of government while funding programs that should be reduced or eliminated.

2026 LEGISLATIVE SESSION | House Vote Descriptions

H. 4042 (TABLE MOTION TO RECONSIDER)

OVER-THE-COUNTER IVERMECTIN
Subject: Healthcare
8/11/2026
(Liberty Action Opposes)

This vote was a motion to table an effort to reconsider sending legislation allowing adults to purchase FDA-approved ivermectin without a prescription to the House Agriculture Committee. Tabling the motion to reconsider effectively kept the bill trapped in committee, blocking an effort to revive the legislation and preventing the House from advancing expanded access to ivermectin.

H. 3305 (CONCUR)

$350 MILLION IN PORK PROJECTS
Subject: Economy
8/25/2026
(Liberty Action Opposes)

This bill spends roughly $350 million in taxpayer dollars on hundreds of pork projects, including millions for projects far outside the core functions of state government. Taxpayers are forced to fund projects including more than $2 million for zoos, $1.83 million for a community recreation center and pool, $200,000 to refurbish tennis courts, $250,000 for a public swimming pool, and millions more for parks, recreation centers, greenways, museums, theaters, and other local projects.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

S. 256

GREEN ENERGY LOANS

Subject: Economy
1/20/2026
(Liberty Action Opposes)

This bill creates a C-PACE program that lets local governments act as lenders for private “energy efficiency” building upgrades, with repayments tacked onto property tax bills. It blurs the line between public and private finance by turning local governments into specialty banks, even though private lenders already exist to finance these kinds of projects.

S. 287

VAPE BANS

Subject: Constitutional Government
2/5/2026
(Liberty Action Opposes)

This bill imposes a new licensing, fee, and directory system on FDA-authorized e-cigarette manufacturers and vendors, bans sales of unlisted products, and authorizes uncompensated seizure of "non-compliant" merchandise by state agencies. It grows government and raises costs by adding staff at SLED, the Attorney General's office, and the Department of Revenue at a fiscal impact of roughly $2.1 million, while infringing on economic liberty by forcing companies to seek state permission and pay fees simply to sell legal products in South Carolina.

S. 160

DIETICIAN LICENSURE COMPACT

Subject: Economy
2/18/2026
(Liberty Action Opposes)

This bill signs South Carolina onto the Dietitian Licensure Interstate Compact, shifting key licensing power from state officials to a multistate commission. It removes a layer of accountability for licensure rules and raises privacy concerns by requiring states to fully participate in a centralized data system that tracks licensees with a shared unique identifier.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

S. 768 AMDT. 6

APPLYING THE HOMESTEAD EXEMPTION TO ALL HOMEOWNERS

Subject: Economy
2/18/2026
(Liberty Action Supports)

This amendment would create a flat $100,000 homestead exemption for all South Carolina owner-occupied residential homeowners, regardless of age. It broadens property tax relief beyond seniors and other narrow categories, shielding a larger share of every qualifying homeowner's primary residence from local property taxes.

S. 768

HOMESTEAD EXEMPTION INCREASE

Subject: Economy
2/18/2026
(Liberty Action Supports)

This bill expands South Carolina's homestead exemption for owner-occupied homes, especially for longtime senior residents. The current $50,000 exemption for homeowners 65 and older (with one year of residency) would automatically jump to $150,000 for anyone who qualified in tax year 2025, with no need to reapply. For new applicants after 2025, the exemption is tiered by residency: $150,000 with at least 10 years in the state, $75,000 with at least five years, and $50,000 for those with more than one but fewer than five years of residency.

H. 4216

HIKING TAXES ON 22% OF SOUTH CAROLINIANS

Subject: Economy
2/24/2026
(Liberty Action Opposes)

This bill rewrites South Carolina's income tax code by decoupling the state from the federal system and adopting a new bifurcated rate structure of 1.99% and 5.21%. Instead of delivering genuine tax relief, its design produces income tax increases for roughly 22% of South Carolinians, using "reform" to quietly raise taxes on many filers rather than guarantee broad-based cuts.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

S. 853, AMDT. 2

DATA CENTER SUBSIDY EXCLUSION

Subject: Economy
2/25/2026
(Liberty Action Supports)

This amendment prevents data centers from claiming South Carolina's abandoned buildings tax credit. It limits corporate tax incentives by ensuring large data center projects cannot use the program to receive targeted tax breaks intended for the redevelopment of abandoned properties.

S. 853

EXPANDING ABANDONED BUILDING TAX CREDIT

Subject: Economy
2/25/2026
(Liberty Action Opposes)

This bill expands South Carolina's abandoned buildings tax credit to properties that were never previously used to produce income and makes it easier for developers to qualify for the credit. It further entrenches targeted tax preferences for certain redevelopment projects while preserving a special property tax exemption for qualifying nonprofit low-income housing providers, favoring select projects and organizations rather than providing broad-based tax relief.

Election to Judge of Will Wheeler

Subject: Constitutional Government
3/4/2026
(Liberty Action Opposes)

Will Wheeler is a former lawyer-legislator with a clear anti-liberty voting record. He supported the Scout Volkswagen corporate welfare deal, voted for a hate crimes bill, opposed constitutional carry, backed the big-spending state budget, and voted to triple Hollywood tax subsidies, signaling a pattern of siding with higher taxes, more regulation, and progressive priorities over individual freedom and limited government.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 3924, AMDT. 1A

HEMP BAN

Subject: Civil Liberties
3/11/2026
(Liberty Action Opposes)

This amendment would ban the sale and possession of intoxicating consumable hemp products in South Carolina, threatening a $1.5 billion market supported by roughly 1,800 small businesses. It subjects violations to the state's criminal drug laws and prohibits online sales and direct shipments, with violations punishable by up to three years in prison and a $3,000 fine.

H. 3924

HEMP LIQUOR STORE MANDATE

Subject: Civil Liberties
3/24/2026
(Liberty Action Opposes)

This bill imposes restrictions on South Carolina's hemp industry by limiting intoxicating hemp products to adults 21 and older and restricting products with more than 5 mg of THC per serving to liquor stores. Other retailers, including vape and CBD shops, may sell only 12-ounce beverages containing 5 mg or less, kept behind the counter. Violations carry criminal penalties, including up to two years in prison and a $5,000 fine for selling to someone under 21, with repeat offenses carrying up to five years in prison, a $10,000 fine, and loss of operating licenses.

S. 831

DOT REFORM

Subject: Constitutional Government
3/19/2026
(Liberty Action Opposes)

This omnibus bill dramatically expands SCDOT's authority to impose tolls and enter public-private road agreements while reducing legislative and public oversight. It raises alternative-fuel fees, creates a new tax on public EV charging, allows existing roads to become permanent toll roads, and expands transportation debt.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 3368

CONFORMITY WITH THE BIG BEAUTIFUL BILL

Subject: Economy
3/31/2026
(Liberty Action Supports)

This bill updates South Carolina's tax code to conform to the "One Big Beautiful Bill" reforms for the current tax year. It provides roughly $288 million in tax relief, including eliminating state income taxes on tips and on overtime pay up to $2,500, so workers keep more of what they earn without growing government.

H. 4902 (VETO OVERRIDE)

SHIELDING NIL PAYMENTS

Subject: Economy
4/1/2026
(Liberty Action Supports)

This vote overrides the governor's veto and upholds a bill that shields college name, image, and likeness (NIL) payment records from public scrutiny. It keeps details of payments public universities make to student-athletes for their name, image, and likeness exempt from public-records requests, even after lawmakers raised concerns that state funding was allegedly being used for NIL payments, making it harder for taxpayers to see how their dollars are being spent.

S. 866

AUTHORIZING LOCAL TAX HIKES

Subject: Economy
4/1/2026
(Liberty Action Opposes)

This bill authorizes a new 1% local sales tax after a referendum if property taxes are cut by at least 20%, but still results in a net tax increase because most of the new revenue can be spent on other purposes. Because it started in the Senate, it raises constitutional concerns about revenue measures originating in the wrong chamber, and the referendum mechanism lets local politicians abdicate their duty by pushing higher taxes onto voters instead of taking direct responsibility.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 3556

ELECTION CONTEST RESTRICTIONS

Subject: Constitutional Government
4/1/2026
(Liberty Action Opposes)

This bill rigs the rules against candidates who want to challenge a primary election result by giving state party executive committees near-total control over contested outcomes. It forces challengers into a stacked process where the party controls the evidence, limits appeals to the State Supreme Court to that party-controlled record, and even lets the party charge up to $750 for filing a challenge, creating a financial incentive to rule against candidates and further insulating party insiders from accountability.

H. 5126, AMDT. 4

POLITICIAN PAY RAISE

Subject: Subject: Constitutional Government
4/21/2026
(Liberty Action Opposes)

This amendment increases “in-district legislative expenses” to $2,500 per month. In-district expense payments are treated as salary, direct-deposited into lawmakers’ personal accounts, and taxed as income. In reality, it is roughly an 80% politician pay raise disguised as an “expense” increase, channeling more taxpayer dollars into legislators’ pockets instead of core public services.

H. 5126, AMDT. 52

REDIRECTING TOURISM ADVERTISING SPENDING

Subject: Economy
4/22/2026
(Liberty Action Supports)

This amendment redirects tourism “destination specific” advertising dollars away from glossy marketing campaigns and into core infrastructure. It takes that money and instead funds roads and bridges, prioritizing basic transportation needs over taxpayer-funded promotion of select localities.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 5126, AMDT. 42

EXPANDING "FREE" SCHOOL BREAKFAST

Subject: Constitutional Government
4/22/2026
(Liberty Action Opposes)

This amendment creates a supplemental school breakfast program that provides one free breakfast per day to any public school student who does not already qualify through an existing program, using federal funds first and then state taxpayer dollars to cover remaining costs. Rather than letting private organizations, nonprofits, and churches, which already serve this role in communities across the state, continue to meet this need, it expands government dependency and shifts the cost onto taxpayers.

H. 5126, AMDT. 38

MANDATORY PANIC BUTTONS IN SCHOOLS

Subject: Subject: Constitutional Government
4/23/2026
(Liberty Action Opposes)

This budget amendment mandates that every public school district and charter school implement a state-approved mobile "panic button" alert system that integrates with 911 and local first-responder technology and uses state-provided mapping data. It centralizes vendor selection in Columbia, locks schools into specific tech solutions, and pushes districts toward costly, one-size-fits-all security technology instead of allowing locally driven, flexible school safety approaches.

H. 5126, AMDT. 54

REMOVING THE BAN ON OFFSHORE DRILLING

Subject: Economy
4/23/2026
(Liberty Action Supports)

This amendment repeals South Carolina's ban on offshore drilling, opening the door for energy exploration and production off the state's coast. By lifting the prohibition, it allows future projects that can expand domestic energy supply and create jobs instead of leaving potential resources permanently locked away.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 5126, AMDT. 64

HATE CRIMES STUDY COMMITTEE

Subject: Constitutional Government
4/23/2026
(Liberty Action Opposes)

This amendment creates a Hate Crime Law Study Committee as a first step toward bringing hate-crime legislation to South Carolina. It directs a leadership-appointed panel to review other states' laws, gather data from prosecutors and agencies, and recommend whether to adopt a South Carolina hate-crime law. Hate crime laws violate equal protection and civil liberties by elevating some victims over others and inviting punishment based on beliefs rather than criminal acts.

H. 5126, AMDT. 65

LEGISLATIVE ETHICS REFORM

Subject: Subject: Constitutional Government
4/23/2026
(Liberty Action Supports)

This amendment tightens ethics rules by prohibiting legislators from receiving state-appropriated funds beyond their salary, per diem, and employment compensation, unless they clear conflict-of-interest safeguards. It requires lawmakers to obtain and publicly post ethics opinions before being paid with budget funds for state or local contracts, legal work, grants or scholarships, and requires members who violate these rules to repay the money and face potential misconduct charges..

H. 5126, AMDT. 39

REDIRECTING EARMARKS TO ROADS

Subject: Economy
4/23/2026
(Liberty Action Supports)

This amendment strips $145 million out of earmarks and other special-interest projects and redirects that money to core infrastructure. It prioritizes fixing South Carolina's crumbling roads and bridges over pork-barrel spending, steering scarce taxpayer dollars toward basic transportation needs instead of local pork projects.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 5126

BLOATED SENATE BUDGET

Subject: Constitutional Government
4/23/2026
(Liberty Action Opposes)

This Senate budget swells state government to nearly $44 billion in total spending, with more than $14 billion in the General Fund alone even after revenue estimates were reduced. It spends virtually all of the $1.5 billion surplus instead of returning it to taxpayers, pours roughly $480 million in new money into higher education expansions and capital projects, and steers hundreds of millions more into non-core functions like tourism marketing, arts programs, museums, outside “collaboratives,” and local pet projects. At the same time, it grants agencies broader flexibility to shift and spend funds with little added accountability, locking in elevated spending levels and further entrenching government growth regardless of changing economic conditions.

S. 1005

PAY HIKE FOR FAMILY COURT JUDGES

Subject: Constitutional Government
4/28/2026
(Liberty Action Opposes)

This bill hands family court judges a pay raise by boosting their salaries from 92.5% to 95% of a state supreme court justice’s pay, costing $675,000 in salaries and nearly $3.9 million in added pension liabilities. Instead of tying compensation to reforms or performance, it pours more money into a deeply broken family court system widely criticized for rewarding perjury, ignoring clear law and evidence, and tearing families apart by alienating children from fit, willing, and able parents.

S. 933

112% POLITICIAN PAY RAISE

Subject: Civil Liberties
4/28/26
(Liberty Action Opposes)

This bill more than doubles legislator pay, delivering a massive 112% politician pay raise funded by taxpayers. It significantly increases the cost of compensating lawmakers while also building in automatic inflation-based salary increases, allowing legislators to keep boosting their own pay year after year without ever taking another public vote on their compensation..

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

H. 5073

GRADING FLOOR BAN

Subject: Education
3/4/2026
(Liberty Action Supports)

This bill bans "grade floor" policies that force teachers to give minimum scores like 50 or 60 even when students earn lower grades, ensuring report cards reflect actual performance. It strengthens academic accountability by preventing inflated grades that can hide when students are truly struggling and need additional help.

H. 4270

HIDING EVICTION RECORDS FROM LANDLORDS

Subject: Economy
4/23/2026
(Liberty Action Opposes)

This bill mandates the automatic expungement of eviction records after five years, erasing key information that housing providers rely on to screen applicants. By hiding past eviction history, it shifts more risk onto small landlords, who may respond by raising rents, increasing security deposits, or leaving the rental market altogether—ultimately reducing housing options and affordability for responsible tenants.

H. 4189

CONTINUING EMERGENCY HEALTH POWERS

Subject: Constitutional Government
4/23/2026
(Liberty Action Opposes)

This massive 95,000-word omnibus bill rewrites state law under the guise of "conforming" changes after the DHEC split, but goes far beyond renaming. It violates the single-subject rule by rewriting appeals procedures, penalties, food-operation rules, slaughterhouse oversight, shellfish and pool regulation, coastal management authority, emergency health-powers reporting, and water-rights appeals, using one bloated bill to include unrelated changes that should be debated separately.

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

S. 831 (CONFERENCE)

DOT REFORM
Subject: Constitutional Government
4/28/2026
(Liberty Action Opposes)

This bill overhauls the Department of Transportation by putting a single Secretary of Transportation in charge, answering directly to the Governor and Senate, so someone is finally accountable for fixing South Carolina's roads. It begins rolling back the layers of bureaucracy that have long plagued the DOT and contributed to South Carolina having some of the worst roads in the country.

H. 4042

OVER-THE-COUNTER IVERMECTIN
Subject: Healthcare
5/13/2026
(Liberty Action Supports)

This bill allows adults to purchase FDA-approved ivermectin for human use directly from a pharmacy without a prescription.

H. 3021 (CONCUR)

REINS ACT
Subject: Economy
5/14/2026
(Liberty Action Supports)

This vote concurs with House changes restoring key regulatory reforms the Senate had weakened or removed. The House lowered the threshold for major regulations from $10 million to $1 million over five years, requiring more costly rules to undergo fiscal analysis and receive explicit legislative approval. It also restored a modernization process that puts targeted regulations on a three-year clock and allows them to expire if agencies fail to fix or reauthorize them, while strengthening the Small Business Regulatory Review Committee's role in identifying regulations for revision or repeal.

H. 5683 (MOTION TO CONTINUE)

REDRAWING THE 6TH CONGRESSIONAL DISTRICT
Subject: Constitutional Government
5/20/2026
(Liberty Action Supports)

This bill redraws South Carolina's

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

congressional districts to address the racially gerrymandered 6th Congressional District. Because the new map requires a new nomination process, it also establishes a one-time special election schedule for the state's seven U.S. House races in 2026, including reopening candidate filing, holding new primaries and runoffs, and ensuring that only votes cast in the new special primary determine each party's nominees.

H. 3021 (CONCUR)

REINS ACT

Subject: Economy
5/14/2026
(Liberty Action Supports)

This bill pairs regular Legislative Audit Council review with targeted sunsets to actually repeal obsolete or unauthorized regulations, not just study them. It requires judges to interpret laws for themselves instead of automatically siding with how agencies read ambiguous statutes, while also demanding clearer, public fiscal-impact analysis and forcing costly rules (over $1 million in five-year impact) to win explicit legislative approval. It also strengthens and refocuses the Small Business Regulatory Review Committee so that small-business impacts are front and center when regulations are revised or renewed.

H. 3924 (CONFERNCE)

HEMP RETAIL MONOPOLY

Subject: Economy
6/25/2026
(Liberty Action Supports)

This bill places intoxicating hemp products under South Carolina's alcohol regulatory system by restricting retail sales to businesses that already hold a beer and wine or liquor license, limiting products containing more than 5 mg of THC per serving to licensed liquor stores, and imposing licensing fees of up to $50,000 and new excise taxes, creating significant barriers to entry for existing hemp retailers.

H. 5126 (CONFERENCE)

BLOATED BUDGET

Subject: Economy
8/11/2026
(Liberty Action Opposes)

This budget spends $44.4 billion in taxpayer dollars, including a roughly 9% increase in General Fund spending over the previous year, while adding more than 1,000 new state government positions. This growth funds unnecessary programs including the South Carolina Arts Commission, crony

2026 LEGISLATIVE SESSION | Senate Vote Descriptions

government handouts to large corporations, and tuition mitigation subsidies for public colleges and universities. Rather than exercising restraint, lawmakers expand the size and cost of government while funding programs that should be reduced or eliminated.

H. 3305 (CONCUR)

$350 MILLION IN PORK PROJECTS

Subject: Economy
8/25/2026
(Liberty Action Opposes)

This bill spends roughly $350 million in taxpayer dollars on hundreds of pork projects, including millions for projects far outside the core functions of state government. Taxpayers are forced to fund projects including more than $2 million for zoos, $1.83 million for a community recreation center and pool, $200,000 to refurbish tennis courts, $250,000 for a public swimming pool, and millions more for parks, recreation centers, greenways, museums, theaters, and other local projects.
